

# WATER LEVEL TRANSMITTER

DATA SHEET

FQK

This water level transmitter is used for measuring the level of clean water, sewage water, well, river, etc. The detector is placed on the bottom of the water, and the water head pressure acting on the pressure receiving diaphragm is detected, converted into a current signal and then transmitted to a receiving instrument via the connector terminal.

## FEATURES

1. Accuracy as high as  $\pm 0.2\%$   
Excellent performance has been realized with a highly evaluated capacitance type silicon sensor and a microprocessor.
2. Powerful arrester built-in  
Both detector and connector terminal are equipped with a lightning arrester to secure reliable lightning protection.
3. Remotely adjustable  
This transmitter is remotely adjustable with a hand-held communicator.

## SPECIFICATIONS

### <Functional specifications>

**Measurement item :**  
Water level of clean water, sewage water, well, river, etc.  
(Note: Avoid a vicinity of chemical injection site.)

**Measuring range:**  
0 to 1.5 ... 13 m  
0 to 10 ... 50 m

**Output:** 4 to 20 mA DC

**Power supply:** 24 V DC (10.5 to 32 V)

**Wiring system:** 2-wire system

**Allowable load resistance:**  
0 to 600  $\Omega$  (at power supply of 24 V DC)  
Note: A load resistance of at least 250  $\Omega$  is required for communications with a hand-held communicator.

**Remote setting:** Zero/span adjustments, range setting and damping setting  
(Settable with a hand-held communicator.)

**Communication line conditions (when using hand-held communicator):** Line length; Max. 2 km  
Load resistance; 250 to 600  $\Omega$   
Load capacity; 0.22  $\mu\text{F}$  or less  
Load inductance; 3.3 mH or less

**Saturation output:**  
Upper limit: 20.8 mA, lower limit: 3.8 mA

DETECTOR

CONNECTOR  
TERMINSL

**Damping:** Time constant variable within 0 to 32 sec  
(Settable with a hand-held communicator.)

**Zero and span adjustments:**  
Adjustable from connector terminal or remotely adjustable with hand-held communicator.

**Zero point shift:**  $\pm 35\%$  of maximum measuring range

**Span adjustable range:**  
10 to 100% of maximum measuring range  
(Measuring range must not be exceeded.)

**Liquid contacting temperature (detector):**  
0 to 50°C

**Ambient temperature (connector terminal):**  
-20 to +60°C

**Storage temperature:**  
-30 to +70°C

### <Performance specifications>

**Accuracy rating:**  $\pm 0.2\%$  of measuring span

**Allowable overpressure:**  
Up to 2 times of maximum measuring range

**Temperature effect:**  
 $\pm(0.3 + 0.2 \times \text{URL} / X) \% / 30^\circ\text{C}$   
URL; Upper range limit (13 or 50 m)  
X; Actual measuring span

### <Physical specifications>

**Material (detector):**  
Pressure receiving diaphragm; SUS 316L  
Outer tube; SUS 316  
Hollow cable; PVC or PE covering

**Enclosure:** Detector: IP68  
 The pressure detector of the type for sewage water is provided with a sludge protector.  
 Connector terminal: JIS C0920 immersion-proof type

**Mass (weight) approx:**  
 Detector; 2 kg  
 Connector terminal; 3.5 kg (excluding cable)  
 Cable; 3 kg /10 m

**Mounting method:**  
 Detector; Suspended in water or placed at water bottom.  
 Repeater; Mounted on 2B pipe or wall.

**Arrester:** Built in both detector and connector terminal.  
 Lightning resistance  
 Detector: 10 kA, Repeater: 2500 A (8/20 μs)

**OPERATING PRINCIPLE OF DETECTOR**

<Optional specifications>

**Indicator (repeater):**  
 Analog indicator  
 % scale or actual-value scale

**Detector stand:** For installing detector at water bottom  
 SUS 304 (φ267, φ180, φ95 ... by order)

**Chain:** SUS 316 (for hoisting the detector)

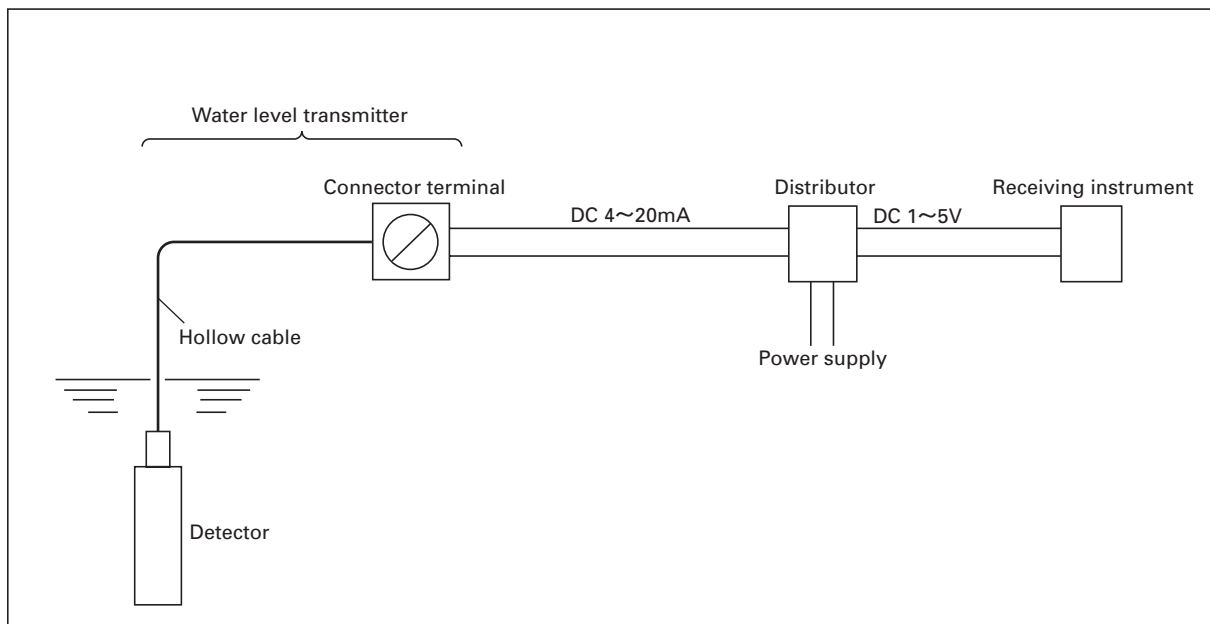

**SCOPE OF DELIVERY**

Transmitter (detector + connector terminal, with hollow cable and pipe mounting bracket)  
 Detector stand and chain when specified at option,

**RELATED DEVICE**

Hand-held communicator (type FXW. Refer to EDS8-47.)

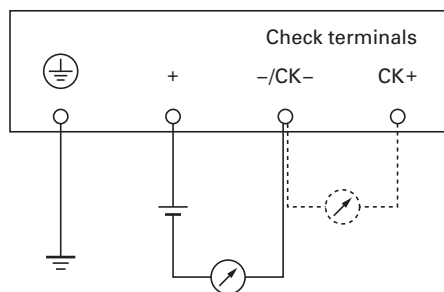

**SYSTEM CONFIGURATION (EXAMPLE)**

## CODE SYMBOLS

1 2 3 4 5 6 7 8 9 10 11											Description
F	Q	K						3			Measuring range
	1										0~1.5.....13m
	2										0~10.....50m
											Hollow cable length (m)
	1										10
